Extreme Weather events impact service in Brisbane

Telstra is working to manage the significant impact to Telstra services that has occurred as a result of a series of extreme weather events in the Brisbane region of Queensland, on or about Friday 30 May 2008 through to Monday 02 June 2008.

Due to the effect of damage to the Telstra telecommunications' network by a low pressure system which brought with it heavy rainfall, flash flooding and damaging winds, there has been a significant increase in the number of Telstra services being reported as faulty. As a result, there has been some disruption to service and delays to normal installation and repair activities. Telstra apologises to any affected customers.

Information as to the nature of these severe weather events can be sourced from the Bureau of Meteorology (BOM). Heavy rain and flash flooding referred to in the BOM Severe Weather Warning issued for 02 June 2008 initially at 07:05AM, Monday 02 June; all of which were widely reported in the news media after the events.

Telstra has identified that the effect of these circumstances applies to approximately 16496 services. This number may increase as Telstra assesses the full affect of the extreme weather conditions. Based on current information, the resumption date of normal service operations is expected to be 30 June 2008. This date is indicative only; Telstra customers should anticipate that some further delays may occur. Telstra regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Telstra services encompassed in this exemption are in the area bounded by and including, but is not limited to; the area starting at Maroochydore follow the coastline south past Caloundra, Redcliffe and Southport to Currumbin Creek then south to NSW Border, follow the border west past Springbrook and the Mt Lindesay highway to eastern boundary of Main Range National Park, then follow the boundary in a northwesterly direction to Mt Castle then northeast past Coleyville to Mutdapilly. Then north through Amberley to Borallon and northeast to the Brisbane Forest National park. Follow the western boundary of the national park north and west to Daguilar range, then northeast to Ocean View, north through Wamuran to Peachester, then northwest through Conondale to Imbil then southeast to Yandins, south to Woombye and east back to Maroochydore. All suburbs, towns and off shore islands and coastal areas serviced by Telstra within these boundaries are encompassed in this exemption.
